

Wester Cleddens Primary

Our Parking Pledge

Our WCPS families will park sensibly and never on the pavement, double yellow lines or the 'keep clear' zig zag lines.

Our WCPS families will protect our local environment by switching off car engines whilst parked and not 'engine idle'.

As we strive to be good neighbours, our families will always respect our local community and residents by not parking across driveways, on pavements or verges. This can reduce visibility and cause damage and access issues.

We will only drive to school if necessary. Our WCPS families where possible, will travel by foot, bike or scooter to promote a healthy and active lifestyle.

Our families will always take care when driving near our school by:

- Observing the 20mph speed limit
- Driving slowly and carefully while looking out for families travelling by foot or by bike
